- Nicest N3N on market
- Fresh annual
- Full set of military logs
- Never been in service as an ag aircraft
- Only aircraft designed and built by US government in volume
- All aluminum airframe construction

Description:

This N3N is in excellent condition both cosmetically and mechanically. It is ready for golden hour flights or as a museum piece. The N3N was the only aircraft ever designed and built by the US government in volume. In many ways it is superior to the Stearman that it often is confused with.
